

## **ARC Standard Requirement: Vinyl Fence Repairs**

### **Purpose:**

To maintain visual consistency and community standards, all vinyl fence repairs must conform to the following specifications.

### **Material & Color:**

- Fencing must be white vinyl.
- No other colors or materials will be approved.

### **Dimensions:**

- Height: 73-3/4 inches
- Width: 102-1/4 inches
- Depth: 5 inches

### **Design & Style:**

- Fencing must feature a vertical panel design with a smooth top rail and posts.
- The style should be simple and modern, providing privacy while harmonizing with the surrounding environment.

### **Reference Image:**

Please refer to the image below for visual guidance. This image represents the approved style and structure for all vinyl fence repairs:

**Submission Instructions:**

All repair requests must be submitted via the Request for Changes Portal (<https://hoaresources.sregtn.com/request-for-changes/>) and include confirmation that the replacement fencing matches the above specifications.
